

RANSOMWARE *IS EVOLVING.*

**Is your recovery
strategy keeping up?**

**IT leaders are shifting
to modern data
security—here's what
you need to know.**

**THOUGH THE
CONTOURS OF EACH
ATTACK MAY BE
UNIQUE, ATTACKERS
ALL HAVE THE
SAME GOAL:**

to disrupt business
operations so victims
will pay to restore order.

EVERY SECOND OF DOWNTIME COSTS YOU

A slow or failed recovery
can be more damaging
than the attack itself.

HOW **IT LEADERS** ARE FIGHTING BACK:

Immutable backups that attackers can't delete

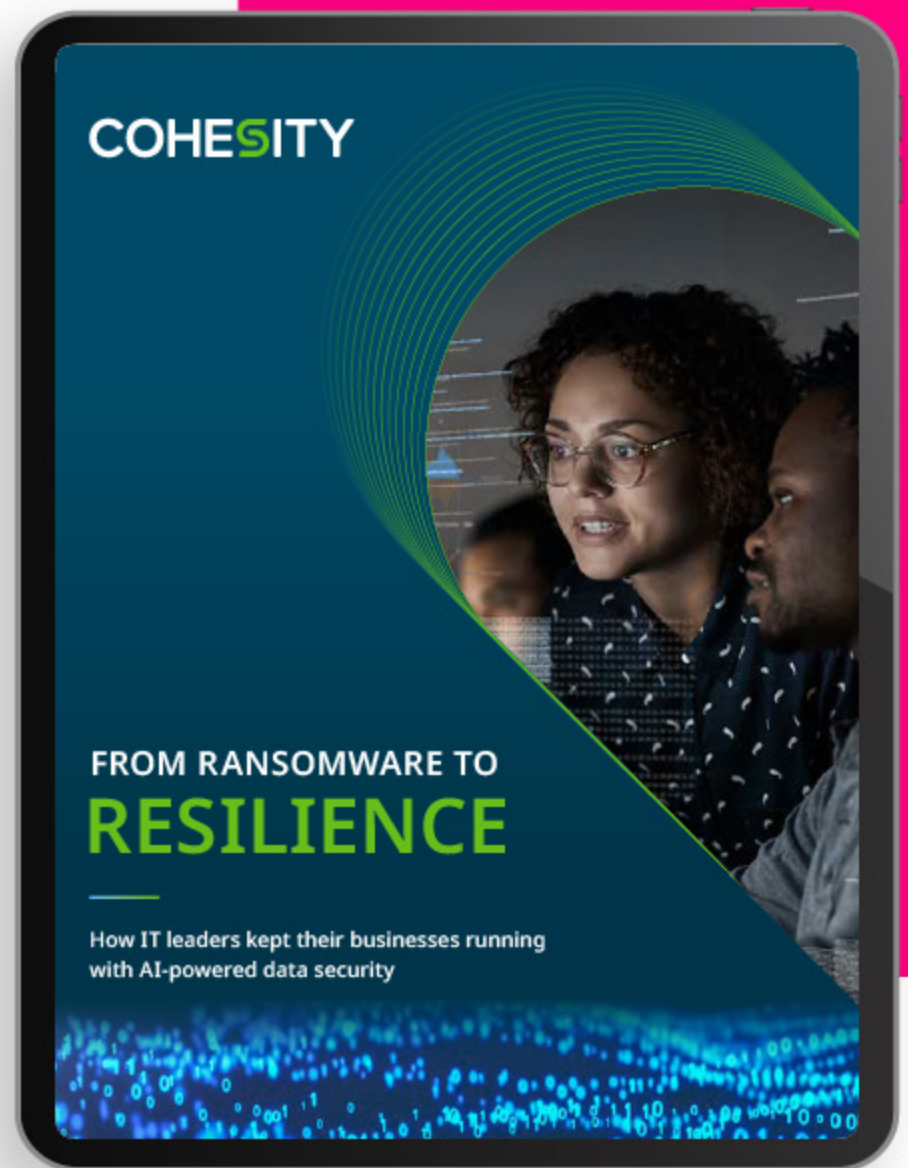

AI-powered threat detection to stop attacks sooner

Rapid recovery to keep business running

SEE HOW IT LEADERS BUILT CYBER RESILIENCE THAT WORKS
