

Gartner® recognized Cohesity. Again.

6 years in the Magic Quadrant™
for Backup and Data Protection
Platforms. With the combination of
Veritas and Cohesity, we are the only
vendor to be named a Leader 20x.

Cohesity acquired the enterprise data protection
business of Veritas as announced in December 2024.

COHESITY

Why it **matters**

Cyber threats are faster. Recovery windows are tighter. We believe this recognition proves you're backed by a platform built to perform when it counts.

**Recover in hours,
not days**

**Protect data
anywhere (on-prem,
multicloud, SaaS)**

**Simplify operations
with one unified
platform**

Cohesity helps you:

- ✓ Stay resilient
against ransomware
- ✓ Bounce back faster
- ✓ Unlock insights to drive
your business forward

**Because
backup alone
won't cut it.**

Modern challenges
demand a modern
approach to data security.
